Thanks Gina! As you know I'm working frantically on getting an IMT down to Durango tonight or tomorrow.

I got Nat as an LNO and myself as the RUL. Working frantically on getting others to fill out the IMT Craig was asking for. I'm updating the Resource SS.

Luke

Thanks for the message below Nat.

Now, as Gina asked, do you have the ability to go to Durango asap (Monday morning or earlier) as an LNO?

Let me know if you get this asap! We don't have your cell number to contact you.

Thanks!

Luke

Have a family trip out of Region from Aug. 20 to 27, that would be good to consider.

Colorado, like all western communities are resilient.

Thanks for yours and all our colleagues' and partners', too long to list here, hard work, focus and dedication getting to that perspective. Especially in times when it is not always certain.
